Nationally Recognised Training

COURSES INFORMATION

ABOUT US

Swann College is a leading Registered Training Organization and CRICOS provider delivering Nationally Recognised Courses throughout South Australia and New South Wales. Our Head office is based in Adelaide, South Australia. We specialize in Automotive and Business Training.

Swann College is one of the few colleges in South Australia registered under Work Ready and approved to deliver Automotive training to apprentices. We also own a proud membership with Institute of Automotive Mechanical Engineers Australia (IAME) that ensure our training is accurate and up to date with today's practices.

Swann College mission is to train students to become the best Automotive and Electronic personnel working in the field. We strive to grow our business with honesty and integrity ensuring the students' and Industry needs are paramount to our students and our success.

UEE60220: Advanced Diploma of Electronics & Communications Engineering

The Advanced Diploma of Electronics and Communications Engineering enables the students to pursue employment in a technician position in procurement, data cabling, equipment installation and servicing, sales, manufacturing, quality control, system diagnostics, or prototype construction, in industries such as telecommunications, transport, entertainment or medical electronics

Entry Requirements

International students must:

- Be at least 18 years of age
- Have completed Australian year 12 or equivalent
- Have an IELTS score of 6.0 or equivalent (test results must be no more than 2 years old). International Students may not be required to provide evidence of English Language competence where documented evidence can be provided to demonstrate any of the following:
- the student has completed at least 6 months of a Certificate IV level course in an Australian RTO.
- The student has successfully completed an English Placement Test.
- the student has successfully completed a foundation course in Australia.
- the student has successfully completed their High School in English Language

Students also required to participate in a course entry interview to establish their suitability for the course. Students who do not meet the minimum requirement will be referred to accredited English Language Training providers to complete an English Course before proceeding with this qualification.

Course Duration

104 Weeks

Units

Students need to complete 44 units of competency and volume of learning 2160 hours.

Bachelors of Business

RECOGNITION OF PRIOR LEARNING (RPL)

RPL is the process of formally acknowledging the skills and knowledge you have developed as a result of:

- Formal and informal training programs e.g. School or another RTO
- Life experience: community group involvement, family activities, sports, hobbies, business pursuits, household management
- Work experience: i.e. training, on the job experience

Evidence of your skills and knowledge is provided by you will be evaluated by an assessor or assessment team against the units of competence included in the unit in which you are enrolling.

Why apply for RPL?

It is important to apply for RPL if you think you already have the experience relevant to the units of competence contained in the module. The advantages of applying for RPL are:

- You identify where your experience has provided you with the knowledge and skills required by the units of competence.
- If you have already achieved the units of competence of a unit you will not have to do those units of the program.
- You will finish your program much earlier and attend fewer days of Training (international students this may have repercussions on your VISA. Please speak to our Administration team in the first instance).
- You only do the units that are new and challenging. You don't need to do those units in which you have proven experience.

If you wish to apply for RPL, please book an appointment with our qualified Assessor at **marketing@swanncollege.edu.au** or give us a call on **08 8311 0487.**

Benefits of studying at Swann College

- Automotive Industry Supported training
- We are registered for Work Ready Program for Apprenticeships
- Personal Training plan to meet your study needs
- Highly skilled trainers
- Flexible payment plans
- Pathway to the university
- Two study campuses and Automotive workshops.
- Online learning platforms
- Nationally Recognized Training
- Easy access to all our campuses.
- All Our locations are equipped with Wi-Fi connectivity and latest learning resources.
